16.02.2021

On February 16th, at 8:30 in the morning two workers of the Gemeente Amsterdam came to check how many people live in the apartment 5.1.2,e The girlfriend of one of the tenants opened the door without letting them in. The Gemeente asked for a tenant so 5.1.2,e was woken up and talked to them. He told the workers that there are two people living in the apartment permanently, namely 5.1.2,e and 5.1.2,e The authorities presented him with a map of the apartment. 5.1.2,e 5.1.2,e declared that 2 of the 3 rooms shown on the map are permanently used as bedrooms and the third functions as a guest room. The Gemeente workers consequently asked for permission to enter the guest room, which 5.1.2,e denied them on the grounds of feeling unsafe about Covid-19. They accepted the reasoning and in turn asked for 5.1.2,e to open the door to the guest room for them to look in from the outside from where they could merely see a desk. The workers made no further attempts to enter the apartment or the room and deemed what they saw sufficient. 5.1.2,d 5.1.2,d 5.1.2,d 5.1.2,d 5.1.2,d
