Hoi [redacted]
New York is gelukt, maar we begrepen vanochtend dat ze nog niet is aangemeld voor Dubai begin november.
[redacted] jij zou dit nog met sharon afstemmen toch?

Subject: RE: Network of Global Future Councils 2019-2020 – Invitation for Ms Sharon Dijksma

Dear Sharon,

Thank you so much for an excellent year as co-chair of the Global Future Council on Mobility and your key contributions to the Mobility Stewardship Board. As discussed recently, we are excited to invite you to join us again for the 2019-2020 Global Future Council term.

To accept the role of co-chair and register to attend the Annual Meeting of the Global Future Councils, please click "Accept Invitation" below and follow the prompts. Under the Accommodations section, please indicate in the affirmative if you will be utilizing the free flights and accommodations process. You will receive an email from PublicisLive in late August to confirm reservations. The Annual Meeting of the Global Future Councils is the only meeting which provides financial support for flights and accommodations. For more information, please refer to the attached Terms and Conditions. [redacted] let me know if you have any questions.

We would like to schedule a call with you and [redacted] in early September to discuss plans for the 2019 Annual Meeting of the Global Future Councils and plans for the Council 2019-2020 council term. I will connect with [redacted] for scheduling.

I understand that you are primarily out of the office, but I do want to alert you of two upcoming calls for the City Mobility Charter workstream (latest email to the workstream attached). Given Amsterdam's key contribution to the development of the Charter, we would appreciate a representative on the line for the calls. The calls are scheduled as follows: 5 Aug, 17:30-18:30 CET and 6 Aug, 16:00-17:00 CET. Would you or someone on your team be able to join? I understand Lizann is out of office over these days.

Thank you,

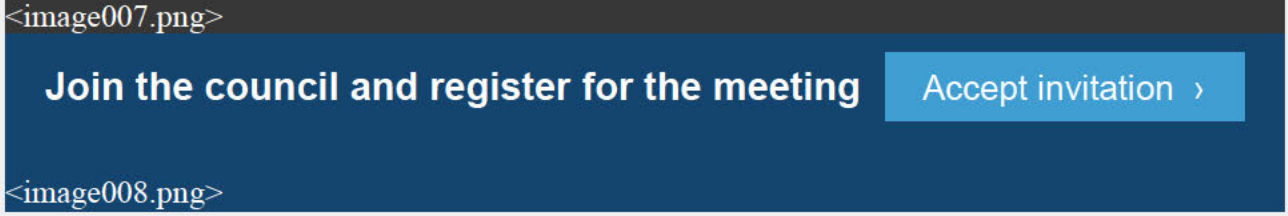
Network of Global Future Councils 2019-2020



Dear Deputy Mayor,

I would like to invite you to become a co-chair of the **Global Future Council on Mobility** for the 2019-2020 term.

The Network of Global Future Councils is an invitation-only community that serves as a brain trust for the World Economic Forum and the world at large. It aims to challenge assumptions and introduce fresh ideas to reshape global systems for the benefit of humanity and the planet. The network provides its members with a platform for multistakeholder collaboration that enables them to identify creative ways their council can contribute to solving shared challenges.

As a council co-chair, you will lead a group of top experts to develop new insights and innovative ideas to inform decision-makers around the world. You will meet virtually with your peers during the council term (4-6 times) and in person at the Annual Meeting of the Global Future Councils, the world's largest expert-level brainstorming event reserved for members. This year's meeting will be held on 3 and 4 November 2019 in Dubai, United Arab Emirates.

I hope you will accept this invitation and look forward to your active contributions to improving the state of the world. Registration closes on 20 September.

Yours sincerely,

[redacted]
Founder and Executive Chairman

What are the Global Future Councils?

- The Network of Global Future Councils is the world's foremost interdisciplinary knowledge network dedicated to promoting innovative thinking on the future.
- Two co-chairs lead each of the 41 councils comprised of 20-25 leading experts from academia, government, international organizations, business and civil society.
- The network gives its members a platform to support the Forum's vision to better understand and shape global systems in the face of rapid social and technological transformation.
- The council term will run from October 2019 to September 2020.
- Council members engage in online interactions via the Forum's TopLink platform, emails and regular virtual meetings (4-6 over the course of the term).
- The council meets at the **Annual Meeting of the Global Future Councils** in Dubai, United Arab Emirates (3 and 4 November 2019) and delivers its outcomes as part of the Forum's ongoing initiatives and meetings.

About your council

The mobility sector has seen tremendous innovation, change and disruption in recent years creating opportunities with the corresponding need to ensure that future mobility is safe, clean and inclusive. The **Global Future Council on Mobility** seeks to identify the points of innovation or cultural transformation on the brink of impacting the movement of people and goods. The council will support the work of the System Initiative on Shaping the Future of Mobility by examining the impact of cities, the Fourth Industrial Revolution, sustainability and society on mobility.
