**Subject:** Prinsengracht 5.1,2,e Input To Centrum West traffic management measures
**Categories:** Gele categorie

Hi Guys

I cant make the meeting / I don't speak Dutch so my input into the meeting is below. Broadly aligned to the proposal but a big consideration needs to be taxis. If you live in what will become a pedestrianized area and you travel a lot like us then we need taxis to be able to take taxis from door to airport. Carrying 5.1,2,e suitcases and children to rozengracht is not feasible / sensible

Thanks
