Dear Mrs. 5.1, 2, e
Friday the municipality received a message that the felling permit will **not** be used for the time being. See the attachment. The permit holder will expect your objections to be dealt with. This also means that it is not necessary to have the case suspended by the court/Rechtbank Amsterdam. In order to avoid unnecessary procedures I would like to ask you to withdraw the case from the court/Rechtbank Amsterdam. The court can only suspend the permit, which is not necessary because the permit holder has already done so voluntarily. Your case will then be dealt with by the municipality as soon as possible.
Can you inform me about this today? Thank you!
(this message was made with google translate, so sorry in advance when the text is not clear)
Met vriendelijke groet,
