29-1-2019 20:35	29-1-2019 20:35	Elandsgracht 45 >> Er wordt al sinds 17:15 vuurwerk afgestoken in de buurt van het café. Tussen eerste en tweede Looijersdwarsstraat. Vanaf 17:15 uur.
4-4-2019 12:00	5-4-2019 9:22	Café de Jordaan ventilation fumes from kitchen come into the houses of the neighbors via their ventilation pipe. The Café has its own chimeney but it is not working (?) and my bathroom and kitchen (where the ventilation chimeney has shafts) smell like a frying machine from lunch time. The Café denies everything and only 2 neighbors have complained (because we are all very scared of the owners of the Café as they are violent people). This happens every single day for a few months now.

10-4-2019 13:14	10-4-2019 13:14	We are adressing you in regards to Café de Jordaan. We are 6 neighbors of the Café and we have always had issues with them, but they are escalating, there has been physical violence and verbal threats and we have had enough. We hope it´s fine to comunicate in English as we are a mix of nationalities and not all can write Dutch (but all understand it in writing). The current situation with the Café is as follows: EVERY NIGHT they keep the place open until after midnight. The noise when they close is perfectly audible in the 3 blocks of adjacent houses. EVERY MORNING they open the place around 5:30 to 6 am. The noise is perfectly audible in the 3 blocks of adjacent houses. EVERY SUNDAY between 5-6 pm and 10-11 pm there is live singing at a very loud volume. Music and lyrics are perfectly audible from 100 meters around. Please advise of the opening and closing hours of the Café and if the music on Sundays is included in their license. Thank you very much in advance for your help

31-8-2019 15:00	2-9-2019 8:51	Café de Jordaan. Jordaan Festival dit afgelopen weekend. Waarom moeten we leven met de straatfeesten die een cafetaria besluit te gooien om wat geld te verdienen? Gaat de gemeente mijn uitgaven betalen om dit weekend ergens anders naartoe te gaan? Gaat de gemeente mijn mogelijke huurders uitleggen dat het ten minste 2 weekends per jaar onmogelijk is om in dit huis te wonen? Gaat de gemeente me korting geven op mijn belastingen omdat de WOZ-waarde echt niet zo hoog is omdat ik in een verdomde bar woon, vermomd als een rustig café?

4-5-2022 17:50	4-5-2022 17:50	Café Jordaantje. Terrace is way over the limits, it occupies almost the full sidewalk and pedestrians have little place to walk and sometimes need to go on the street where there are cars. This is Elandsgracht, it is always busy with people and cars and this is annoying and dangerous. Plus it is breaking your own rules and tresspassing over the limits you imposed (marked in yellow in the pictures). I know other neighbors have complained already so please, do something about it because we have tried talking to them and we are ignored.
6-5-2022 16:27	6-5-2022 16:27	Café Jordaantje. Two days ago I placed a complaint with you regarding the limits of the terrace being overridden (melding SIA-1307706). Now they are placing huge side panels which are also over the agreed limits in width and depth, occupying two thirds of the sidewalk. These panels are screwed onto the sidewalk, is this allowed? I am attaching pictures. Many thanks for your help

11-5-2022 18:09	11-5-2022 18:09	Het Jordaantje zet hun achterdeur open, terwijl zij aan het koken / frituren zijn. Deze deur komt uit op de gang met de schuren van de overige bewoners. In deze schuren ligt een diversiteit aan spullen uiteraard. Bij mij bijvoorbeeld kleding en meubels die ik niet kwijt kan in huis. In de gang en de schuren stinkt het enorm en ook door het raampje tussen mijn schuur en mijn huis komt frituurlucht naar binnen. Overigens staat de gang ook vaak erg vol met kratjes, fusten etc. De doorgang wordt daardoor erg belemmerd. Lijkt me niet bevorderlijk voor de brandveiligheid.
18-5-2022 2:00	18-5-2022 21:00	Café Jordaantje. On Tuesday 17th May at night there was loud music and people sitting and drinking outside until at least 2 am. They refused to quit several times despite my requests. The men who are sitting at the table are the staff and owners of the café. I already have several complaints placed with you and I know that my neighbours have also complained, so what needs to happen for you to take this seriuosly and do something about it? They can basically decide when we can sleep or not and they ignore the closing times over and over, plus they exceed the limits of their terrace and they have dangerous goods storaged in a common area. What else do you need to inspect this properly? Thanks
18-5-2022 23:36	18-5-2022 23:36	Geluidsoverlast Café Het Jordaantje - Elandsgracht 45 En ook vanavond weer gaat rond 23.00 oor de muziek hard en dreunen de bassen door tot in de appartementen! Wanneer wordt er ingegrepen?
20-5-2022 0:03	20-5-2022 0:03	The terrace of the cafe in the ground floor of my building is open and cleints extremely noisy, which makes it impossible to sleep. It happens often. I am aware neighbors have already made reports, although, no response from the city hall. I hope one more complaint might help to take some action
20-5-2022 0:14	20-5-2022 0:14	Café Het Joordantje. As everyday lately, and despite the visit today of [redacted] from the afdeling Gebruik, there is now a terrible noise in the café, loud music and lots of loud people ([redacted] being the loudest, of course). They are just having a laugh at you in the Gemeente and at us, the neigbours. CLOSE DOWN THE DAMM PLACE ONCE AND FOR ALL, PLEASE
20-5-2022 0:32	20-5-2022 0:32	Café Het Jordaantje. They seem to be finally closing but it is now 00:30 and they are dragging furniture and banging beer barrels on the floor. This is a concrete building, the whole house shakes and it sounds like everything is happening inside my own house. Is there not a way you can record these episodes so that they stop acting like this?

21-5-2022 3:00	21-5-2022 8:46	Café Het Jordaantje. Opening and Closing times. Last night it was 3 am when they closed the bar (and the last thing they close is the tent which is noisy). And this morning at 8 am they were already opening their tent. Are these hours normal? Please note that this is a concrete building, sound travels perfectly through it and they move all their furninture when they open or close because they also accomodate the external furniture and, of course, the beer barrels for which they don´t seem to have the necessary strenght to lift them and they just drag and bang them...
25-5-2022 17:49	25-5-2022 17:49	My house is for a couple of months (since the cafe open) smelling continuously to whatever is cooked in the bar in the ground floor of my building (cafe de jordaan). The building does not have an chimney with an engine that could cope with the size of that kitchen (if they even have a license for it). I need to continuously have the windows open. And spray for smell all the time (one bottle per week)
28-5-2022 14:36	28-5-2022 14:36	Stankoverlast eetcafé het Jordaantje: koken met deur naar gezamenlijke ruimtes open, zonder normaal afzuigsysteem. Al maanden trouwens, maar geen handhaving of controle na meldingen tot nu toe
31-5-2022 23:34	31-5-2022 23:34	Café Het Jordaantje. Lots of loud people in terrace, staff are also participating in the loudness and not at all stopping it
10-6-2022 0:18	10-6-2022 0:18	Café Het Joordantje. Loud people and loud music. This is the millionth complaint you have on this place. Tomorrow I am escalating to the ombudsman.
10-6-2022 0:18	10-6-2022 0:18	Terrace Joordanje, terrace very noisy, with people outside seating even outside terrace boundaries
9-6-2022 23:00	10-6-2022 9:42	Zeker tot tegen 12uur 's nachts was het rumoerig, naar alle waarschijnlijkheid was dit op het terras van het Jordaantje. Daarnaast mensen die met een drankje en sigaret op de hoek van de straat zeer gezellig aan het kletsen waren. Deze 2 punten zorgden voor overlast en slechte nachtrust.
11-6-2022 19:59	11-6-2022 19:59	Het terras van het Jordaantje loopt weer bijna tot aan de straat. Het afzetlint is weg
14-6-2022 20:43	14-6-2022 20:43	Kitchen smell from Cafe de Jordaan in my apartment.
15-6-2022 23:13	15-6-2022 23:13	Café Het Jordaantje. Loud people sitting in the terrace drinking.
15-6-2022 23:27	15-6-2022 23:27	Cafe de Joordan, terrace open, people outside, making lots of noise.Not possible to sleep. It is a pity, that can only add pics and not videos that have sound.
17-6-2022 9:56	17-6-2022 9:56	Café Het Jordaantje. They reduced the size of the terrace by a few centimeters but the dimensions are still beyond the measures established by the Gemeente. As you can see in the pictures, the tables are placed aproximately one meter beyond the limits. Also the fences are off-limits and I understood it was forbidden to have fixed elements to the pavement. I know [redacted] is working very hard on all these issues but I thought that having updated pictures of the situation might help you to make them respect your rules

18-6-2022 0:05	18-6-2022 0:05	Café Het Joordantje, extremely loud people in the terrace, they are shouting like maniacs and bar stuff do absolutely nothing to try and keep it down of course And the smell of food continues, and the banging of barrels, and so on and so on... Please, we need this to stop, this is harassment on us, the neighbors
20-6-2022 0:15	20-6-2022 11:35	Café Het Joordantje. Last night Sunday 19th June there were some very loud drunken British men in the terrace, shouting from 10 pm until I called the police at 23:45 and they kindly came and told them to lower their voices. Before calling the police, from 11 pm I tried to make them shut up or lower the voice but they only laughed and the café staff did not do a thing about it. This shouting had been going on for hours, I have videos that I will send to by email, but please, you need to make them do something about loud customers after 11pm, there are stickers that some bars have, and they are from the Gemeente, please make them put one and please also measure the noise of that place and the lack of isolation in our flats, this building cannot deal with this noise, it is impossible to sleep, even with windows closed.
24-6-2022 22:19	24-6-2022 22:19	Het Joordantje. There is smell of fried food coming from the café and up the building into my house through windows and balcony. Picture attached of fries. Shall I also send someone to have dinner there and attach the ticket of fried food? Now they are not using the afzuigkap and just leaving door and windows open, so before I had to leave all windows opened to be able to breathe and now I have to keep them closed to be able to breath? What kind of bad joke is this? If they don´t have a smoke exit, you shut down the kitchen completely and ensure it cannot be used whenever they think we are not home.
24-6-2022 21:00	24-6-2022 22:48	Ik voeg me nu ook bij de bewoners die last hebben van de kooklucht uit café Het Jordaantje. Ik woon op de 1e verdieping, recht boven het café. Sinds ze de afzuiging niet meer mogen gebruiken, frituren ze blijkbaar zonder maar wel met de ramen en deuren open. Met dit mooie weer heb ik ook mijn balkondeur en een raam open en krijg al de hele avond in walmen frituurlucht binnen... En ze serveren frites op het terras (zie bijgevoegde foto) Ik snap er helemaal niets van. Hoe kan het dat ze gewoon door kunnen gaan met het serveren van deze gerechten? Ze trekken zich echt nergens iets van aan. Ik hoop oprecht dat de gemeente nu aktie gaat nemen!
1-7-2022 23:22	1-7-2022 23:22	Café Het Jordantje, there is shouting going on in the terrace, extreme loud italian customers with loud italian waiters, music inside, doors and windows open... staff is part of the loudness, actually I think they lead it. Could you please check? thanks
