Recommendations on Towage Survey Certificate No. 5.1,2,e

1. Departure to take place in fair weather- and sea conditions on receipt of a favourable weather forecast for the next **12** hours.
2. Use of 2 tugs.
3. Slamming of the bow to be avoided at any time.
4. Maximum speed through the water: **captain's discretion**, but not exceeded 6 km/hr
5. **Tow**Service B.V. must be informed of any important event that takes place before or during the voyage.
6. The tow is unmanned on the voyage, only in case of (un)mooring, emergency and towing with assisting tugs, crew on board the towed vessel is allowed.
