To the residents of the Vluchthaven

Clearing the Vluchthaven

At the start of the pilot Vluchthaven, you have signed and declared that you are willing to cooperate actively in finding a solution for your future. Also, you have promised to leave the Vluchthaven voluntarily. The municipality of Amsterdam has always fulfilled its promises and is counting on you to fulfil your promise as well and leave the Vluchthaven.

On Friday 4th of July 2014, the court authorized the municipality of Amsterdam to clear out the Vluchthaven. Therefore we strongly urge you to leave the Vluchthaven as soon as possible and no later than 7th of July 2014. Hereby you are informed that the clearing will take place Tuesday morning 8th of July 2014.
We call upon you urgently to leave the Vluchthaven, because if you do not leave you risk getting arrested by the immigration police.

Additional temporary shelter
The municipality is offering temporary shelter for two groups of refugees. The first group of persons are those who are vulnerable, based on the medical examination by the Public Health Service (GGD). Some of the residents have not been examined by the GGD on the advice of their lawyer. There is still an opportunity for you to sign the GGD authorization. The deadline for signing and submitting the authorization to the porter/guard of the Vluchhaven is on Monday 7th of July 9 am.
The second group of persons who can get shelter are those who have clearly indicated that they want to return to their country of origin. Both groups have been informed and have already been moved to a new temporary location.

Those who are still in their HASA-procedure can turn to the VBL in Ter Apel (open regime). As you know, for others there is also the possibility to turn to the VBL in Ter Apel under the condition that you cooperate in returning to your country of origin.

Once again; the Vluchthaven will be closed down and we strongly urge you to leave the building by Monday in order to avoid being arrested by the immigration police.

Hoping to have informed you sufficiently.
