Onderwerp: MIPIM 2020 - Programme Holland Metropole
Datum: dinsdag 26 november 2019 12:15:55
Bijlagen: image001.jpg

Dear [redacted] and [redacted],
As MIPIM is approaching rapidly we were wondering how you are doing in developing your programme.
Our focal points are again – of course – the **waterfronts**, but also **climate-change, health, energy solutions, mobility/infrastructure, affordable housing/housing challenge, sustainability, inclusivity** and all of this in relation to urbanization.
And on top op that, I already know that deputy mayor Ab Reinders (Haarlemmermeer) is attending to MIPIM, and he's very keen on speaking on 'Airport Cities' (Amsterdam/Schiphol/Lelystad). In past years there were sessions on various country stands (Manchester in 2018, and before that in the basement somewhere).
We will again be Amsterdam, Rotterdam, The Hague and Utrecht (not Eindhoven – their mayor/aldermen don't agree to MIPIM unfortunately). But we could also act in the role of the Holland Metropole region.
Keep us posted please ☺!
Kind regards,

[redacted]
