Host review score 8.0

This private apartment is perfectly located in the inner city center which makes it easy to visit all major sightseeing hotspots like the Dam square, Kings Palace at much more. The apartment is very light and spacious due to the large windows in the front and special extra is the huge roof terrace where you can enjoy the sun! Supermarkets and food places are not far either is everything in minutes of reach. The building itself is historic, the first houses on that foundation were built 1000 years ago. The current front of the house is 200 years old.

Hi there! My name is [redacted] and I am [redacted] old. I am a passionate traveler who continuously explores the world. One of my favorite continents is South America and especially Columbia is one of my favorite countries over there That is the reason as well that I started to study Spanish so I can dive in more into their culture. In my free time, I like to read and relax with a nice cup of green tea. Other than that I like to enjoy the sun outside and have a good chat with my friends and of course to stay a bit in shape I go to the gym. Healthy body Healthy mind!!!

All major sightseeing points are around the corner and within walking distance. Great restaurants and bars! For the one who wants to shop a little bit, there are a plenty of stores of all major and known brands.
