Yep.....
Ik kijk het even aan. Mij is gevraagd om dan ook een presentatie te geven.... Geen idee wanneer ik die moet voorbereiden overigens....

Lijkt niet heel stevig te staan, wat jij?
Beetje generiek. Beetje 'we kijken wel wie kan'.
Maar als er straks niemand zit, slaan we ook een flater.

Onderwerp: European Waterfront Cities Network - Thursday 12 March, 10am

Hi [redacted],

Holland Metropole would like to have a session where Liverpool, Hamburg and Amsterdam have short presentations
The focus would be: what do these cities already do about climate adaptation?
Amsterdam already confirmed.

Can Liverpool do a presentation?

I could ask [redacted] to participate on behalf of Hamburg.
If not, Rotterdam could also be part of this.

It will cost too much time now to create the official invitation in time and have the confirmed speakers.
So below we could say:

Tuesday 10 March Holland Metropole Stand C.19 E
12.00-12.45h
Waterfront Development and Climate Adaptation

Speakers from Amsterdam, Liverpool and Hamburg (tbc)

Can you add this to the invitation?
And, please correct two little spelling errors (sorry…)

Further: this can be sent out I presume.
Amsterdam will probably be accompanied by someone from Bouwinvest.
We should probably ask all participants to finally let us know whether any partners from the private sector are coming?
So they can subscribe extra participants.

Kind regards,

Further to our recent discussions this is the communique and papers that we are looking to send out to al partners – the one missing ingredient is the proposed event on the Holland stand?

Let me know thoughts

Thanks
