Dear AAM Cities and Regions Community,

I wanted to let you know that this is my last week at the Forum. After having a December vacation, I will be taking on another opportunity within the drone space to continue supporting the advanced aerial mobility revolution that we have been working on together.

I'm incredibly proud of what we have accomplished together. Starting with the partnership with Los Angeles that led to the Principles of the Urban Sky being briefed to Congress by that city's mayor and now the formation of this global community our impact and ambition continues to grow. My colleague [redacted]@weforum.org) will take over from me in supporting this community along with [redacted]@weforum.org).

If any of you would like to keep in touch please feel free to email me at my personal email address of [redacted]@dcdrone.org . Thank you all for your partnership, and I know our paths will cross again in the context of this tight knit community.

Best wishes,

[redacted]
