Toelichting

Op 6 november 2012 is het Parkeerplan Amsterdam door het college vastgesteld. In

het Parkeerplan is vastgesteld om voor het jaar 2020 ruim 5.000 parkeergarageplaatsen in garages beschikbaar te stellen aan vergunninghouders. Enerzijds door het inhuren van (onbenutte) parkeerplaatsen in garages en anderzijds door het realiseren van parkeergarages (eigendom gemeente). Doelen van het Parkeerplan zijn:
- het verbeteren van de openbare ruimte;
- het verhogen van het aantal uit te geven parkeervergunningen om de wachtlijst te reduceren;
- het verlagen van de parkeerdruk (door inzet van extra parkeercapaciteit in garages en door middel van de regeling langparkeren).

In de bijlage bij dit Uitvoeringsbesluit staan alle parkeergarages genoemd waarin bepaalde categorieën vergunninghouders mogen parkeren (op basis van postcodegebied). Het betreft voornamelijk parkeergarages onder het regime van het centraal stedelijk Parkeerplan, maar ook enkele garages voor vergunninghouders die door voormalige stadsdelen zijn ontwikkeld en nog niet onder het Parkeerplan vallen. Met het opnemen in het Uitvoeringsbesluit van deze parkeergarages wordt een expliciete rechtsgrond gecreëerd om bepaalde vergunninghouders uit bepaalde postcodegebieden in deze parkeergarages te laten parkeren. Tevens ontstaat met opname in het Uitvoeringsbesluit ook een formele basis voor de afdracht van BTW voor parkeren in deze garages.
