Onderwerp: Fwd: WEF GFC on Mobility | Co-chairs update

[redacted]

De Opstap is dus goed.
Alleen Iets korter maken.
Lukt dat?

En over blog post een zin toevoegen.
Dat het interessant is voor deze groep om via het Wef af en toe een blog post (artikel) te maken over het werk dat samen wordt gedaan. En hen op te roepen dit ook te doen :)

> **Onderwerp: WEF GFC on Mobility | Co-chairs update**

Hi Sharon and [redacted]

I am looking forward to seeing you both soon for the upcoming GFC welcome calls! I have just sent the below email to the full council detailing the agenda for the welcome call as well as a request to come to call prepared to answer a few questions and to test meeting access prior to the call. I have the same requests of you both plus a bit more information.

I am one who likes to be prepared and I find that in these virtual settings 'just going with the flow' can quickly lead to awkward silences and confusion. For the first few GFC calls, I'll be creating a detailed agenda that outlines minute by minute how the session will flow. The **welcome call detailed agenda can be viewed** [redacted]. Please let me know if you have trouble accessing the link.

We'll host 2 welcome calls with exactly the same agenda to accommodate the many time zones joining in. In a few weeks time, we will start a series of 4 workshops to align on content for the coming term. My hope is that we can get through the general introductions in the welcome call so we don't lose steam in future calls. As such, the welcome calls are designed to be very general and not as interactive as the subsequent workshops will be.

The welcome calls will start with general welcome from the Forum (@[redacted], please see the agenda—we can discuss on Monday) before turning it over to you both for **co-chair opening remarks**. Sharon, I have seen a preview of your remarks from [redacted]—those look great. Please keep all remarks to 1.5-2 min and include:

- Brief personal introduction
- Broadly address the Council, its potential outputs and reflects on past work
    - Sharon will be commenting on the City Mobility Guidelines. Will you also mention the opportunity to author blog posts ([redacted] and [redacted] is a great example)?
    - [redacted] will you please mention the Corporate Mobility Transport Challenge and True Cost Pricing as well as the chance to get involved with other Forum initiatives—such as the Mission Possible work.
- Describe goals for the Council

Regarding the November/December council workshops—I have sent you both calendar holds for the workshops and have shared the dates with the full council. Unfortunately, I needed to schedule 1 or 2 workshops outside of your availability. Around November 3, I will be in touch via email with a plan for the first 2 workshops. I have a call scheduled for the three of us on Nov 12 to discuss any feedback for the workshops and final plans. I have another call scheduled for us just before the last workshop.

Please let me know if you have any comments or questions.

Thank you very much for your ongoing support!!

Subject: WEF GFC on Mobility | Welcome call

Hello Council Members!

I am in touch with reminders for our upcoming calls.

Please join the **council kick-off/ welcome meeting**. In this session we will discuss our council's role and mandate as well as a preliminary work plan for the full term. To help me prepare, please register to attend one of the sessions via TopLink and confirm your attendance via the calendar invite. Please let me know if you will not be able to attend one of the meetings.

- [redacted] Thursday 29 October, 11:00-11:45 EST
- [redacted] Monday 02 November, 05:30-06:15 EST

Agenda:

I. Welcome from the Forum
- [redacted], Council Manager, opens the meeting, welcomes members and reviews the meeting agenda
- Dr[redacted], Head of Mobility welcomes members and provides opening remarks on behalf of the Forum

II. Opening Remarks from the Council Co-Chairs
- The [redacted], Chair, Energy Transitions Commission, United Kingdom,
- Ms Sharon Dijksma, Deputy Mayor of Amsterdam, Netherlands

III. Introduction of the Council and the Forum

IV. Council Member Introductions

V. Closing and next steps

During the kick-off/ welcome meeting, each **council member will have a brief (emphasis on brief) moment to introduce themselves**. Everyone is asked to keep their remarks to 1-1.5 min. I'll have a time on the screen to help you remember how long you've got left! Please come prepared to:

- Share name and organization (Just your name and organization, nothing else please! 😊)
- Share answer to:
  - Why did you join the Council?
  - What do you want to contribute?
  - What was the last mode of transport you used?

Finally, **as a reminder, all meetings are accessible via your TopLink only**, which will then open up Zoom. In days prior to the first meeting, please test this process as it can be a bit quirky. During the call, it will be difficult for me to help troubleshoot and facilitate. To access, please visit the GFC on Urban Mobility Transitions TopLink page, select "Calendar" from the tabs just below the header image, select the correct meeting, click the join button. For more information, please view this [redacted]

Looking forward to seeing you soon!

Subject: GFC on Mobility | Welcome to the 2020-2021 term!

Dear members of the Global Future Council on Urban Mobility Transitions,

We are delighted to welcome you to the council and launch our work together. On behalf of the World Economic Forum, we would like to thank you for the time and commitment you are making and the insights you will be contributing to our work.

We would like to introduce your co-chairs, Sharon Dijksma and [redacted] who will be leading the Council for the term as well as your council Fellow, [redacted] who will be supporting council activities.

Next steps as Council are as follows:

1. Review the **Global Future Council on Urban Mobility Transitions**[redacted]
    a. (If this link doesn't work for you, please access via TopLink).

2. If you missed it, watch the Global Future Councils for the **network's inaugural call and opening plenary: Roadmap for the Global Future Councils 2020-2021 Term** ([redacted] password: GFCs2020-2021). This session explored how the network can advance multistakeholder collaboration and systems thinking and contribute to the World Economic Forum's [redacted]

3. Join a **council kick-off meeting**. In this session we will discuss our council's role and mandate as well as a preliminary work plan for the full term. Calendar invites forthcoming. Please let me know if you will not be able to attend one of the meetings.

- [redacted] Thursday 29 October, 11:00-11:45 EST
- [redacted] Monday 02 November, 05:30-06:15 EST

Ahead of our first meeting, we kindly ask you to think about possible specific focus areas for the council:

- What topic areas do you find most important for the council to focus on?
- What topics interest you the most to collaborate with other council members?
- Do you have any overarching goals or aspirations for the council outcomes?
- What does success of the council look like?

Each member will have an opportunity to briefly share their thoughts during the launch meeting.

4. Plan to attend council workshops (meeting agendas and calendar invites coming soon). Note: it is understood that not all members will be able to attend all calls due to varying time zones. For more on that, please see the overview document.

- Council workshop 1: Wednesday 18 November, 10:00-11:30 EDT
- Council workshop 2: Tuesday, 24 November, 06:00-07:30 EDT
- Council workshop 3: Tuesday, 1 December 12:00-13:30 EDT
- Council workshop 4: Thursday, 3 December 10:00-11:30 EDT

Activities:
During November and December council meetings, GFC on Mobility members will co-develop a work plan for the council term.

Ideas for GFC on Mobility 2020-2021 activities include:

- Continue sharing the Guidelines for City Mobility (see description below)
    - Should we approach organizations to use/adopt these guidelines

    - What specific elements from the guidelines are most important to help coordinate mobility partners with local governments?
    - Data sharing
- Finalizing and publishing True Cost Pricing paper, which seeks to generate awareness of pricing mechanisms as a tool to re-establish allocation of public space and redeploy the scarcity of resources to sustainable and inclusive modes
    - Document in finalization before review; publication in before end of 2020
    - Questions: Who is reviewing? How should the document be reworked for current context (pandemic + recession)?
- Advancing council activities on freight
- Advancing council activities on micromobility and active mobility
    - Finalize micromobility & insurance blog post
- Exploring urban transportation management of the future

Please contact me if you have other ideas for council activities or ongoing projects that could be of interest to the group.

Communications:
Most of our communications will take place via our dedicated, [redacted] the Forum's digital collaboration space. We encourage you to log on and explore this space. All meetings will be run through the TopLink platform, and we will utilize the GFC on Mobility page for document sharing, etc. Should you have any questions or difficulties in accessing this space, please don't hesitate to contact me.

In advance of the welcome call, if you'd like to set up a time to speak with me please do not hesitate to reach out.

We very much look forward to working with you in the upcoming term and are at your disposal for any questions you may have.

Thank you,

[redacted]
