Hi [redacted]

Yes, we can confirm Sharon is completely registered for the Sustainable Development Impact Summit. We have not seen a registration for the Annual Meeting of the Global Future Councils in Dubai yet—I will follow up with [redacted] directly regarding that registration.

Apologies for the delay with us confirming session timings. With summer holidays, timings have been slow to confirm. Please find below an update on two key mobility sessions. In the coming days, we will provide an update on other sessions we think might be of interest for Sharon. The complete programme is available for Sharon to review via our Toplink platform[redacted]. What days will Sharon be in NY?

We will be hosting a workshop that explores [redacted] The session will serve as the official launch of the [redacted] (as indicated in the session's official title), which seeks to pilot policies for shared, electric and autonomous mobility future. The session will incorporate discussion of the City Mobility Charter. The session is scheduled for ***Monday, 23 Sept 16:00-18:00 at the World Economic Forum offices*** *(note, this timing is not yet reflected on TopLink)*. Timing will be confirmed in the next few days. Once timing is confirmed, I will reach out to discuss Sharon's contribution as we are eager for her to provide a briefing on the Charter.

Following the Global Future Council on Mobility's launch of the Corporate Mobility Transport Challenge, we will be hosting a boardroom discussion exploring [redacted]. The session is scheduled for ***Monday, 23 Sept 13:00-13:45 at Convene at 730 Third Ave in the Sunrise Boardroom***.

Thank you,

Hi [redacted]
Thank you for the information about the summit. The assistant of the deputy mayor sent me an e-mail saying that the deputy mayor has been registered. You could check whether you received the registration?

As [redacted] already mentioned, it would be great if you could inform us about the time slot for the city mobility charter and the panel discussion.

Thank you!

Hi [redacted]

I've attached a summary of the various mobility sessions occurring during SDI along with a grid to visualise the timings of the sessions.

While we are waiting for a few final confirmations, this is a good representation of our programme during the Sustainable Development Impact Summit.

Just as a note: I notice Sharon has been invited to SDI but has not yet registered. We are looking forward to her attendance, so please let me know if any registration support or further information would be helpful.

Thanks,
[redacted]

Hi [redacted]

My apologies—but unfortunately, I am unable to provide a complete update on timings for 23rd and 24th September. I have CC'd my colleague [redacted] on that email. As timings firm up next week, he will share with you key sessions to be aware of.

Thank you!

Hi [redacted]
Do you already know more about the time schedule the 23rd and 24th of September? I am trying to set a up a meeting with [redacted] from Uber, but he will only be in New York on the 23rd of September in the morning, so I am wondering if that would fit the schedule concerning the summit.

I will join the call again later today. Thank you.

Hi [redacted]

Great—I will check with [redacted] on the 22. He is on holiday this week so it might be a few days before I have an answer on this.

Yes, we would love Sharon to attend the cursory workshop! We are waiting for the date to confirm (it will either be the 25 or 26). Broadly speaking, the workshop will look at the transition to a shared, autonomous and electric mobility future—what we are calling the SEAM future. The Charter will be a featured discussion point as will the 'true cost pricing' white paper, which the GFC is also working on. I will keep you posted on the scheduling.

Thank you,

Thank you for informing us about the financial support and the official invitation. We will be on the look out for it.

Could you tell me a little bit more about the cursory workshops? Should the Deputy Mayor also be present there?

It would be great if you could inform me about the schedule later this week.

Adding [redacted] as FYI

Hi [redacted]

As [redacted] and [redacted] are on holiday, please let me know when would suit for a meeting with [redacted] on the 22. [redacted] could also be available on the 23. I can also help assist with scheduling a call for Sharon and [redacted] the week of the 26th.

Please be on the look out for Sharon's official invitation to the upcoming Sustainable Development Impact Summit, 23-24 September with cursory workshops happening the 25th and 26th. Will you ensure she is registered quickly? As I mentioned to [redacted] the Forum is unable to provide financial support for travel and accommodations at any meeting other than the meeting in Dubai. The timings of mobility sessions are still in flux. I expect to be able to provide a better sense of timings by the end of this week.
