Onderwerp	Freedom of Information Request (Woo) – Noise Complaints and Municipal Records

Beschrijf uw verzoek

Dear Sir/Madam,

I hereby submit a request pursuant to the Dutch Freedom of Information Act (Wet open overheid – Woo).

I request that the Municipality of Amsterdam provide me with all documents and information in its possession relating to complaints and reports of noise nuisance caused by the coffeeshop located at Eerste Oosterparkstraat 47-H, 1091 GV Amsterdam, covering the period from 2006 up to and including 2026.

This request includes, but is not limited to:

- All complaints and reports (submitted by residents, government authorities, institutions or other third parties);

- Internal correspondence, communications and administrative records;

- Reports, inspections, monitoring activities and inspection findings;

- Decisions, enforcement measures and any follow-up actions taken in response to complaints;

- Any correspondence or communication with the owner or operator of the coffeeshop concerning noise nuisance.

If any part of the requested information cannot be made publicly available, I kindly request that you explain the reasons, referring to the relevant exemption grounds under the Woo. If certain documents can only be disclosed partially, I would appreciate receiving them in an anonymised or redacted form.

Should this request need to be specified further, or should any costs be associated with processing it, I kindly ask you to inform me in advance.

Thank you in advance for your cooperation. I look forward to receiving your response.

Yours faithfully,

5.1.2.e
