Hi All,

I discussed both projects with 5.1, 2, e and 5.1, 2, e and have distributed all requirements confidentially with several realtors and project developers with lots of portfolio projects in Zuidoost en villages at the east side of the MRA.

I will collect and share all options this week with them.

Please, let me take care of the search in this region to avoid chaos.

Thanks.

Onderwerp: #39525 Thales projects : Huizen and Industry Hub
Dear 5.1, 2, e and all,
Thank you for your reaction, 5.1, 2, e As Thales is a very important account for our country with many stakeholders at various ministries and public procurement involved, it is important to work closely together on this account and share all information asap within our network.
I understood in the meantime that the company confirmed the two projects in writing:

1. Relocation/expansion Huizen with focus on Amsterdam
2. Industry Hub with a very large focus

I will rename the existing project to "Huizen" and create the other one 'Industry Hub" and take care of all 5.1, 2, e formalities.
Let's organize a short meeting together asap. I will discuss some availabilities with 5.1, 2, e and come back to you all.
Thank you all for your collaboration in this.
Best, 5.1, 2, e

Onderwerp: Re: #39525 Thales projects merged

Hi 5.1, 2, e

I will de-merge them again as we talk about two projects. A bit weird to merge without asking why I created that project.

Onderwerp: #39525 Thales projects merged
Dear all,

Following my last week's email, please be informed that the two Thales projects on expansion services/service center (the one from OostNL and the one created by AiB) have been merged. The project can be found under [redacted]

Please make sure to update Achilles after each visit (link related visits), e-mail or conversation and include me in your communications with the company. Thales is a very important national strategic account and there are other projects going on.

Please do not hesitate to contact me if you have any questions.
Best regards,
[redacted]
