The image shows a close-up of a roof surface. The primary material is a dark blue, textured membrane with the "Xpelair" logo printed in a lighter blue color. The logo consists of a circular emblem with a stylized 'X' and the word "Xpelair" to its right. Above the membrane, there is a horizontal strip of white material that appears to be peeling or damaged, revealing a darker layer underneath. The background is a plain, light-colored wall.
