Lage Druk

Subnettype
Hoofdnet

Systeemplengte
46,3726

Status
In Bedrijf

Datum aanleg
18 jan. 2016 01:00

Datum Renovatie
Niet aanwezig

Renovatiewijze
Niet van toepassing

Verbindingstechniek
Spiegellas/Stuiklas

Verbindingbekleding
Onbekleed

The drawing shows a gas distribution network. A main line, highlighted in cyan, runs diagonally from the bottom left towards the top right. It is labeled '200-177.2 PE 100 0.1 bar' in three segments. A branch line, highlighted in yellow, connects to the main line and is labeled '75-06.4 PE 100 0.1 bar'. A specific point on the branch line is marked 'CG6389'. The background features a grid pattern and outlines of buildings. The label 'Lidostr.' is visible on the right side. The interface includes a top menu bar with 'Afdrukken', 'Lycoorama', and 'Klaar met zoeken...', and a left sidebar with project details.
