

Thank you for calling me back this morning.

I invited you today to a meeting about the activities at Bilderdijkstraat 99. In our telephone call you asked if you could be accompanied by others who represent the community and the VvE. I have replied positive for that. At the same time, you and me have the shared opinion that this is not a town hall meeting.

We have agreed that you will talk to the community and the VvE who will accompany you to the meeting and that you will inform me about this next week by e/mail. I would very much appreciate it if you could indicate some preferred dates and times in that e/mail. That gives me the opportunity to check with the agendas of my colleagues who will be present at the meeting.

Best regards,
