Hello,

I am emailing to request no house boats on De Rijkgracht. For us residents the canal is what makes our area beautiful and recreational in the summer. Many people park their boats and socialize around the canal, making our community here special. With obstructive house boats blocking the serene view, it will no longer be the same. We also worry about sewer drain problems and car parking issues. Please do not put house boats here.

Sincerely,

5.1, 2, e
