Dear 5.1, 2, e

You have sent the municipality a message following the events that have taken place in Amsterdam in the recent days. Please be informed that we received your message in good order.

On Friday the 8th of November a press conference was held in which the mayor, together with the other members of the local authorities (police and the Public Prosecution office), provided an explanation - based on the information available at that moment - about the events that have taken place on the 7th of November, the preparations leading up to that day and the actions taken after.

As you might know, the mayor is elected by the city council of Amsterdam. Today at 12:00 local time, with the information available at the moment, she will provide an explanation and extensive accountability to the representatives in the city council about the events that occurred over the past days, which are also the subject of your email.

The council meeting can be attended via the link below. On this website the letter from the local authorities to the council will be published before the council meeting as well, in case you cannot attend the meeting live or have an interest at a later moment in time.

Hope to have informed you sufficiently.

Kind regards,  
Department of public order and safety  
Municipality of Amsterdam
