[09-11-2024, 13:36:16] 5.1,2,e : Dear 5.1,2,e, that's not the case. The Mayor asked the National Coordinator Counterterrorism and Security (NCTV) for a threat assessment from on forehand, regarding the combination of the Kristallnacht commemoration and the football match. The NCTV gave the Mayor information, not leading to new concrete threats. The Mayor contacted the NCTV again before the match to share her concerns, inform them about the measures taken in Amsterdam. And during the night about the situation in the city. Hope this helps.

[09-11-2024, 13:37:29] 5.1,2,e : I will send you the letter the minister send to the parliament yesterday, which contains a description of the information that was shared with the city of Amsterdam. It's in Dutch, hope Google Translate will help.
